

Community Service Days

2019-2020 Opportunities

Signups will be posted

What are Community Service Days?

These service opportunities were originally designed to provide opportunities for students in the Independent Study Program to complete service hours while working with other youth in the Parish. The 2-3 hour service projects are designed to have some time in understanding Catholic teaching on various topics while focusing on the service work and team efforts of the youth. Students in Religious Education classes are welcome to participate. For students 3rd grade and under, we ask that the parents stay to help; older students may be dropped off and picked up at the designated time. (Emergency Contact Forms will be provided at the time of drop off for grades 4 and up).
